Our products

Nature Power Pellets

100 % sheep wool

Long-term fertilizer 4-6 months, moisture storage

Allrounder for basic fertilization e.g., bed preparation

Ingredients: approx. 11 % nitrogen, 0.5 % phosphorus, 8 % potassium, 3 % sulfur

Nature Power Mixpellets

70 % sheep wool & 30 % sheep manure

Immediate fertilizer with long-term effect, e.g., pre-cultivated

Ingredients: approx. 8% nitrogen, 1% phosphorus, 5% potassium, 1.2% sulfur

Nature Power Lawn Fertilizer

45% sheep manure & 45% chicken manure & 10% rock

Effective lawn fertilizer for optimal nutrient supply

Ingredients: approx. 5% nitrogen, 3% phosphorus, 3% potassium

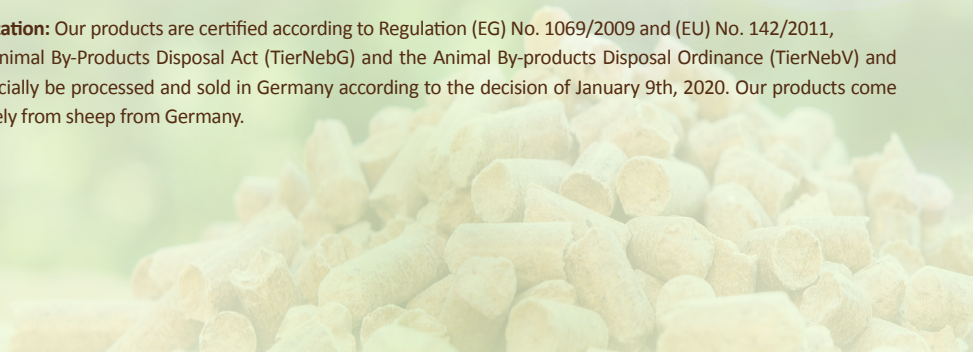

Your individual fertilizer

- Customizable fertilizer depending on application, ingredients, and customers' preferences requirements
- All in one pellet for more targeted dosage and easier handling
- Available in \varnothing 4mm/6mm/8mm pellets
- Can be marketed as your own brand

Hygienization: Our products are certified according to Regulation (EG) No. 1069/2009 and (EU) No. 142/2011, of the Animal By-Products Disposal Act (TierNebG) and the Animal By-products Disposal Ordinance (TierNebV) and may officially be processed and sold in Germany according to the decision of January 9th, 2020. Our products come exclusively from sheep from Germany.

Our services include:

- **Contract pelleting** (e.g., cellulose, soy hulls, hemp, plastics, etc.)
- **Hygienization (K2 + K3)**
- **On-time and customer-oriented production**
- **Packing to desired size (cardboard boxes/sacks/big bags)**
- **Pick-up and delivery service**

We are happy to help you!
